

M. V. TRACK RECORDS MAY FALL SATURDAY

New Marks Expected in Several Events if Conditions Are Good.

HOYT IS A FAST MAN

New Arrangement for Preliminaries Puts Premium on Well-Rounded Team.

The only serious effect of the decision not to hold the Missouri Valley track preliminaries Friday afternoon is the elimination of Simpson of Missouri from competition in the 100-yard dash. The preliminaries will be run off in connection with the meet Saturday. This plan, which is followed in most of the big meets of the country, may work a hardship in the case of an individual star, such as Simpson, but it is held by the coaches to put a premium on a well-rounded team. An exception may be made in the quarter-mile. If there are more than nine starters in this event, trial heats will be run off at 5 o'clock Friday afternoon.

The meet promises to be the most spectacular in years, with seven conference records in danger of being replaced by new marks. Hoyt of Grinnell is slated for new records in the dashes, having run the 100 in 9 4-5 seconds and the 220 in 21 3-5 seconds in the Iowa State Meet held at Des Moines last Saturday. His 220 mark was made on a curved track. The present conference records for these distances are 10 seconds flat and 21 4-5 seconds, respectively.

With favorable conditions, Simpson's conference record of 15 seconds in the high hurdles is likely to fall. And it is a safe bet that he will mangle beyond recognition his mark of 24 4-5 in the lows. The present conference broad jump mark is 23 feet 6 inches. Bob leaped a fraction more than this in the Kansas dual meet.

Several conference athletes have bettered Thatcher's record of 126 feet 10 4-5 inches in the discus. The winning toss in Saturday's meet will probably be close around 130 feet. The high jump record stands at 5 feet 11 3-4 inches. Frizzell, Kansas Aggies; Treweeke, Kansas; and Pittman, Missouri, have bettered this height in meets this year. A new record well over 6 feet is looked for.

The complete conference records follow:

100-yard dash, 10 seconds—Fred T. Haddock, Kansas; Clement Wilson, Coe; Duerson Knight, Chicago.

220-yard dash, 21 4-5—Morris Baranek, Chicago.

440-yard dash, 48 2-5—Gerard Cowman, Rolla.

Half-mile run, 1:56—E. M. Bonnett, Leland Stanford.

1 mile run, 4:22 2-5—Fred Farquhar, Ames.

Two mile run, 9:46—Alfred M. Durey, Des Moines College.

120-yard hurdles, :15—R. L. Simpson, Missouri.

220-yard hurdles, :24 4-5—R. L. Simpson, Missouri.

Shot put, 42 feet 6 1/2 inches, E. Howe, Washington.

Discus throw, 126 feet 10 4-5 inches—H. K. Thatcher, Missouri.

Running broad jump, 23 feet 6 inches—R. D. Boyd, Chicago.

Running high jump, 5 feet 11 3-4 inches.

Pole vault, 12 feet—Arthur Lambert, Washington.

One-half mile relay, 1 minute 29 2-5 seconds—Chicago.

1 mile relay, 3 minutes 19 4-5 seconds—Illinois.

R. W. HILL TO U. S. DEPARTMENT

Former M. U. Student Will Help Handle International Problems.

The appointment of Ralph Waldo Hill of Kansas City, a former student in the University, as assistant solicitor of the Department of State has been announced in Washington. Mr. Hill will be assistant to Frank Lyon Polk, counselor of the department, and will have to deal entirely with international problems. He attended the School of Law here in 1906, but went to the University of Virginia the next year, where he was graduated.

For the last three years he has been secretary to Representative Borland of Kansas City.

150 GIRLS GIVE C. C. PAGEANT

Shakespeare Is Handled in Local Procession and Tableaux.

One hundred and fifty girls took part in the Shakespearean pageant given by the Christian College students last night on the college campus. Miss Sarah Keith was crowned queen of the May. Her attendants were Miss Marguerite Jewell, Miss Bettina Terry, Miss Lena Brown, Miss Eloisa Stidham, Miss Frances Fleming and Miss Miriam Murphey. The flower girls were Miss Elizabeth Harris and

Miss Helen Thomas. James Green was the queen's page. The attendants wore evening gowns, with picture hats, and carried red roses.

The pageant opened with a procession of girls in white robes, with green girdles and leaves. This was followed by a group of girls dressed to represent butterflies. Tiny lights were fastened in the ribbon bows about their heads. A procession of the lovers in Shakespeare, led by the poet himself, followed. Here Ophelia walked with Hamlet, and Desdemona walked beside the heavily armed Moor, Othello.

After the processions was a May pole dance. This was followed by tableaux from Shakespeare's plays. Miss Alleen Jersig read descriptions of the tableaux. Songs from Shakespeare were sung throughout the pageant.

RUSSIAN WOMEN FIGHT AS MEN

Seventy Girl Warriors, Disguised, Joined Troops on Battlefield.

By United Press.

PETROGRAD, May 24.—The spirit that animates Russian women to fight was shown among the fisher-folk colony at Novgorod recently, when Pelegya Mandrin returned wounded from her regiment after fighting in seven actions.

The girl recruited seventy girl warriors among the fisher-folk, and when General Kuropatkin arrived from his estate at Pskoff she fell on her knees before him and implored him to allow the fisher girl's brigade to go to the front.

Kuropatkin refused because women are "not allowed" in the Russian army. So they cut off their long hair, dressed as men and scattered themselves among the troops over the thousand-mile front. These fisher-girl warriors rely on the unwritten law of Russian regiments for their protection.

20,000 CLUBWOMEN MEET IN NEW YORK

Huge Armory of Seventh Regiment Is Headquarters for Delegates.

11 DAYS' CONVENTION

Mrs. Pennypacker, National President, Has Colonel's Suite—Hall Crowded.

By United Press.

NEW YORK, May 24.—No woman ever was permitted to more than step in, peek around and hurry out of the mammoth Seventh Regiment Armory in this city until 20,000 of them from all over the United States trooped gayly in and took possession of it yesterday for the biennial national convention of the Federated Women's Clubs of America. And they certainly shooed away that black, somber barrenness that pervades bachelor, club and business quarters where women never go.

No Carnegie Hall or other place which has always been used by both men and women would do, but only this place, before quite consecrated to men!

Messroom Too Small for Guests.

From today to the second day of June the armory is given up to the biennial, which means that the colonel's room now is in the possession of Mrs. Pennypacker, national president, and that the messroom was not nearly large enough for the luncheon which will be served daily at noon, but had to have joined with it the bandroom and the library. There are extra seats in the drill hall for the delegates, and all the gallery seats are in use.

For eleven days this great block of the city, between Lexington and Park avenues and 66th and 67th streets, belongs to the clubwomen of the country. Each department of the federation has a company room on the second floor for headquarters. The civics department is in the quarters of Company B; education, in Company C's room; and the rooms of Companies D, E, F, H, I, A, M, and K are given up, respectively, to public health, civil service, home economics, industrial and social conditions, art, conser-

vation, legislation, and music and literature.

On this same floor the room of Company G is a restroom; the board of directors have for their use the room of Company M, and the washroom is fixed up for a sort of first-aid or emergency headquarters.

Drill Hall Used for Meetings.

The armory has four stories, the top one of which contains the upper drill hall, seating 1,000 people. The drill hall proper, in which the convention opened and in which all sessions will be held, is on the first floor, and seats 7,680 persons, not including the 3,020 accommodated in the gallery. The drill hall is directly opposite the vestibule, as one enters the armory. On the first floor, directly to the left, is the local bureau of information, installed in the museum room, and beyond this the credentials headquarters, in the veterans' room.

The board of officers' room, on the right, is practically the only one in the building untouched by things biennial; the dignity of the armory shall be preserved by this, and by the offices of the superintendent and assistant superintendent. The General Federation Bureau of Information in the field and staff room. The checking of clothes and valuables is going on in two committee rooms thrown together.

Luncheons are being served on the third floor in the messroom, bandroom and library. The kitchen and serving-room and lift are untampered with, since they fit so well into the plans exactly as they are.

A tearoom has been constructed out of the field music lockerroom. In the great meetings in drill hall the delegates have the body of the hall, the alternates the seats at one side and the state chairmen the seats on the other.

Women who come under none of these three heads have seats in the gallery.

M. U. BEATS K. U. AT TENNIS

Loomis and Williams Take Three Matches of Five at Lawrence.

The Missouri tennis team, Fred Loomis and F. M. Williams, took the doubles yesterday at Lawrence from the Kansas pair, Teachener and Cowgill, in straight sets, 6-4, 6-4, thereby winning the tournament from Kansas.

In the singles matches the teams broke even. Although Teachener, the Kansas star, defeated both Williams and Loomis, his teammate, Cowgill, suffered defeat at the hands of both Missouri players. Loomis won from Cowgill 6-3, 6-3. Teachener beat Williams 6-0, 6-1. Williams defeated Cowgill, 6-0, 6-2. Teachener won from Loomis. The Tigers will play the Ames racquet wielders at Ames Thursday.

AUCTION SALE OF LOTS

On Monday May 29th, 1916, I will sell to the highest bidder without reserve or by-bid

15 Very Choice Building Lots in Westwood.

3 of these lots front on Broadway (paved); 4 lots front on Stewart Road (paved) and the remainder on Edgewood Avenue. I have owned these lots from the time Westwood was first opened, but feel that the time has come when I should sell. All the lots are large and very desirable for homes, they are located in the eastern part of Westwood, being about a 10 minutes walk from the University or main part of the city. It is generally admitted that there is no prettier addition for home building in Columbia than Westwood. If you will only take a drive through this beautiful addition you will see that many of the best homes in Columbia are being built there. Although Westwood and Westmount are comparatively new additions, more than 60 people have built their homes in these additions, while many others have bought lots preparatory to building. If you ever expect to have a Home, or if you would buy a lot cheap as an investment, you should attend this sale, as I intend to sell, no matter what they bring.

Terms No. 1: 1-3 cash; 1-3 one year; 1-3 two years; 6% interest.

Terms No. 2: 1-4 cash; 1-4 six months; 1-4 one year; 1-4 two years; 7% interest.

Two per cent discount on deferred payments for cash.

Sale will begin on West Broadway, promptly at 2 o'clock p. m. Come.
